THE TEXAS PANHANDLE

LABOR MARKET OVERVIEW

WHERE
WE ARE
NOW

The Texas Panhandle has a diverse economy with opportunities across many industries. Labor market information helps students understand where jobs are today and how education and training can connect to future careers.

LABOR FORCE SNAPSHOT

JULY 2026

Labor Force

215,320

Employed

206,903

Unemployed

8,417

Unemployment
Rate

3.9%

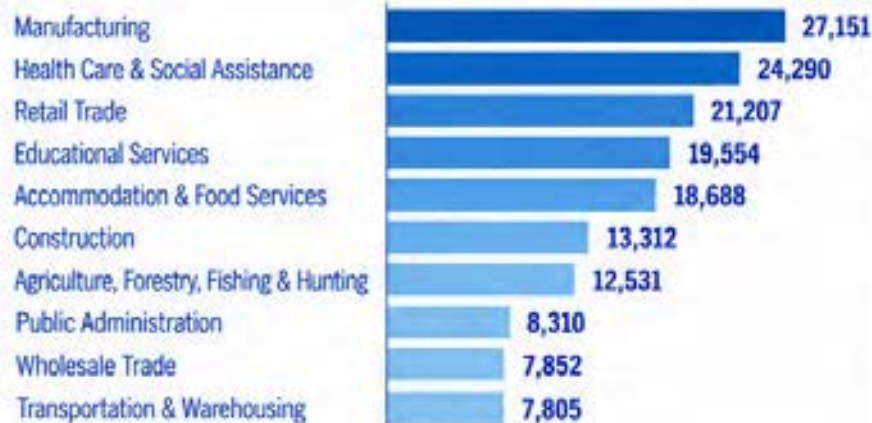

UNEMPLOYMENT RATE COMPARISON

JULY 2026

LARGEST INDUSTRIES BY EMPLOYMENT

Texas Panhandle Workforce Development Area (Q1 2026)

WHAT THIS MEANS FOR STUDENTS

Technical skills connect to real careers in industries that already employ thousands of people across the Panhandle.

Strong demand spans health care, manufacturing, construction, transportation, information technology, and other essential sectors.

Choosing a training path now can prepare students for both current jobs and future opportunities in the region.

Sources: TWC Local Area Unemployment Statistics (LAUS), July 2026; TWC Quarterly Census of Employment and Wages (QCEW), Quarter 1 2026.

REAL DATA

Understand today's workforce and career opportunities.

INFORMED CHOICES

Use labor market information to plan your education and training.

STRONGER TOMORROW

A skilled workforce builds a stronger Panhandle for generations.

THRIVING BUSINESSES

Skilled talent helps local industries grow and create more opportunities.

SKILLS FOR WHAT'S COMING NEXT WHERE YOU COULD BE

WHERE
YOU
COULD
BE

START BUILDING SKILLS NOW

The job title may change, but technical skills in electrical systems, automation, maintenance, networking, and problem-solving can lead to strong opportunities across the Panhandle.

ADDITIONAL TRAINING PATHWAYS

Registered Apprenticeships

Earn while you learn through registered apprenticeships in high-demand industries such as:

- Electrical
- Carpentry
- Plumbing and Pipefitting
- HVAC
- Industrial Maintenance
- And more

Employer Training Programs

Many local employers offer on-the-job training, internships, and tuition assistance programs to help you gain real-world experience and advance your career.

Industry Certifications

Short-term training and certifications can help you build in-demand skills and become job-ready faster. Examples include:

- CompTIA (IT)
- OSHA (Safety)
- NCCER (Skilled Trades)
- SACA (Advanced Manufacturing)
- National Institute for Automotive Service Excellence (ASE)
- And more

Online Learning Options

Flexible, online programs can help you earn credentials on your schedule. Ask your local college or university about available options.
